SKILLS AND PROCESSES TO BE DEVELOPED THROUGH RELIGIOUS EDUCATION Progression in RE depends upon the development of the following generic learning skills applied to RE. These skills should be used in developing a range of activities for pupils to demonstrate their capabilities in RE. They ensure that teachers will move pupils on from knowledge accumulation and work that is merely descriptive to higher level thinking and more sophisticated skills. Reflection – this includes:

- Reflecting on feelings, relationships, experience, ultimate questions, beliefs and practices

Empathy – this includes:

- Considering the thoughts, feelings, experiences, attitudes, beliefs and values of others
- Developing the ability to identify feelings such as love, wonder, forgiveness and sorrow
- Seeing the world through the eyes of others, and seeing issues from their point of view

Investigation – this includes:

- Asking relevant questions
- Knowing how to gather information from a variety of sources
- Knowing what may constitute evidence for justifying beliefs in religion

Interpretation – this includes:

- Drawing meaning from artefacts, works of art, music, poetry and symbolism
- Interpreting religious language
- Suggesting meanings of religious texts

Evaluation – this includes:

- Debating issues of religious significance with reference to evidence and argument

Analysis – this includes:

- Distinguishing between opinion and fact
- Distinguishing between the features of different religions

Synthesis – this includes:

- Linking significant features of religion together in a coherent pattern
- Connecting different aspects of life into a meaningful whole

Application – this includes:

- Making the association between religion and individual, community, national and international life

Expression – this includes:

- Explaining concepts, rituals and practices • Expressing religious views, and responding to religious questions through a variety of media
